Tubs and Tacos

In Person: August 5, 2022

SMC's Elite Sports Emergency Care Center
5568 E Avon Rd, Avon, NY 14414

Program Description

Tubs and Tacos is an interactive and collaborative event designed to bring awareness, preparedness, and training in regards to heat related medical emergencies. This event will highlight heat emergency education, EAP development, and treatment strategies. After a didactic round table discussion, participants will have the opportunity to practice with different heat illness related medical devices including a rectal thermistor, immersion tubs, and TACO kits. Participants will then perform two simulations, employing two different treatment strategies for heat related emergencies.

Program Objectives

After completion of this program participants will be able to:

1. Recognize signs & symptoms of heat related illness
2. Implement appropriate treatment strategies including deployment of rectal thermistor
3. Execute leadership and communication skills with health care providers of all levels including communication of essential vital signs and timing of transport via EMS

Program Agenda

- 11:30am - Welcome, registration and introductions
 - 11:50am - Didactic Round Table: New science, temperature benchmarks, time benchmarks, rectal thermistor
 - 12:40pm - Instructional: EAPs, heat zone setup, EMS collaboration
 - 1:20pm - Lunch
 - 2:00pm - TACO method and Cold water immersion simulation
 - 3:40pm - Closing remarks
 - 4:00pm - Goodbye!
-

Registration

All Participants - \$25
